

21st Annual Dan McLaughlin Golf Tournament to Benefit Special Education Foundation

October 9, 2023 – Norwood Hills Country Club

Promote your Business, Company, School District or Group with a Sponsorship or Auction Donation!

Dear Friend of Special Education Foundation and Special School District,

SEF is pleased to announce the 21st Anniversary Dan McLaughlin Charity Golf Tournament and Auction will be held Monday, October 9, 2023 at Norwood Hills Country Club. All proceeds benefit SEF and children with disabilities.

Since SEF relies solely on private donations to fund its programs, we need your help!

- Be a sponsor of the event or make a donation
- Donate an item or gift certificate for the auction
- Attend the golf tournament or Happy Hour with friends and family

Major sponsors will receive a host of benefits across the golf tournament, such as recognition in the invitation, in the event program, on the golf course, in the club house, SEF’s website, and social media. Please see the sponsorship form for complete details.

To be a sponsor and ensure your company name/logo gets in the invitation, please complete and return the appropriate form(s) to SEF before July 14, 2023. SEF is a not-for-profit 501(c)(3) organization, so all donations are tax deductible to the extent of the law.

To donate an auction item, play golf, or attend the Happy Hour and live auction, contact the Special Education Foundation office: (314) 394-7030 or info@sef-stl.org

We appreciate that you recognize the potential and abilities of the many students served by Special School District. Thank you for your friendship and support.

About the Special Education Foundation

Established in 1984 as the first public school foundation in the state of Missouri, the Special Education Foundation(SEF) provides support and assistance to the more than 24,000 students – or one out of six public school students in St. Louis County - who receive special education services from Special School District (SSD). SSD serves children and youth with mild to severe disabilities, ages 3 to 21, in all 22 partner districts throughout the county, as well as five SSD schools and two technical high schools. Although the scope of SSD’s services is enormous, the mission of SEF is simple: to enrich the lives of children with disabilities through programs, support, and services not provided by tax dollars; to help students succeed in and beyond the classroom.
